Alex De Ocampo

I am a young advocate who has been fighting for our community as public relations professional, grassroots activist, and appointed official. As neighborhood council, I will work hard to improve the quality of life and better the environment in our neighborhood. I will bring TREES to our streets:

- T - Transit: Address traffic, parking, and public transit
- R - Recovery: Help rebuild Griffith Park
- E - Environment: Advocate for clean environment and energy efficiency
- E - Events: More community events for residents and children
- S - Safety: Make our neighborhood safer for kids

As public affairs professional, my experiences span public, private, and nonprofit sectors, including the Los Angeles Business Council, Citizens' Healthcare Working Group, African American Women & Health Foundation, and many elected officials and candidates.

As an activist, I served on the California Advisory Board on Juvenile Justice and Delinquency as an appointee of former Governor Gray Davis. I have been involved in youth mobilization efforts across California to engage young people in politics by encouraging them to vote and to be active within their community.

Please vote for me, Alex De Ocampo, for Neighborhood Council.
