

Thomas P. Wilson

Candidate Statement

Past GGPNC Board - District D District Representative

Introduction

As a resident of Los Feliz for seventeen years. I have seen the Greater Griffith Park Community develop into one of the finest neighborhoods in Los Angeles. What makes me most proud of this community is that it has preserved its small town feel. I look forward to our community continuing along this path.

Experience - Qualifications

I have a Bachelors Degree in Business Administration with over 23 years of professional experience and for the past 20 years I have been President of Nobody Productions, a company I founded with my wife Adele, a lifelong Hollywood and Los Feliz resident.

Past GGPNC Board Member

I have worked on the zoning committee and voted on issues ranging from the Ye Rustic expansion to the Autry expansion. As a board member I attended every meeting and voted on every issue for the past two years. My biggest priority is to maintain the integrity of Griffith Park. I look forward to further service on the GGPNC Board.

Goal

I will represent my constituency in a very non-political transparent way. I will act as the eyes, ears, and voice for those whom I represent. I am distressed by the degree to which today's political leaders carry the water for "moneyed interests" with little regard to the needs of ordinary working citizens. This distress has created in me a passion to get involved in the political process. Let's give the government back to the people.
