RE: Traffic Study at Vermont and Franklin

Dear Ms. Shen,

As I'm sure you are aware, the ongoing and increased congestion eastbound on Franklin Avenue at Vermont causes traffic to backup past Mariposa and encourages motorists to use Kenmore, Edgemont, and Berendo as shortcuts. Drivers are speeding north through these residential streets and then east along Finely. At the August 17th Governing Board meeting, the GGPNC voted to request that the LADOT conduct a traffic study at the intersection of Vermont and Franklin with the intention of possibly upgrading the traffic signal to provide left and right turn arrows for eastbound traffic on Franklin. Thank you for your consideration of this matter.

Sincerely,

Ron Ostrow, President
