

Introducing the **ZIMAS**

Zone Information and Map Access System

What's New and Exciting at the Los Angeles Department of City Planning

In celebration of ZIMAS' 10 year anniversary, the City Planning Systems & GIS Division has rebuilt ZIMAS from the ground up!

The latest GIS and mapping technologies, a new user interface and a more efficient and powerful search mechanism allow any Internet user to instantly access a wealth of planning related information for any property within the City of Los Angeles.

Search ZIMAS for:

- Zoning Information, Maps And Aerial Photos
- Assessor's Information
- Historic Preservation Info
- Planning Case Information
- Building Permit Information
- Nearest Schools and Parks
- Create Mailing Labels
- Google Maps & Microsoft Bing Maps

To start using the new ZIMAS
