

Why Spay & Neuter

KNOW THE FACTS

- **The litter will be easy to place.** There are hundreds of perfectly cute, adoring animals killed in shelters every day. Even purebred animals are not immune.
- **If I neuter my dog, he'll stop protecting our house.** Not so! His instinct is to defend where he lives. As long as your pet has a strong attachment to their home, there is absolutely no reason they should change their previous behavior of guarding their home.
- **Spaying or neutering will alter my pet's personality.** Any slight changes will be positive. Regardless of age, your pet should remain caring, loving and protective.

Esterilizar y/o Castrar

SEPA LA VERDAD, SEA EDUCADO

- **Los cachorros tendran casa facilmente.** Existen cientos de mascotas bonitas y adorables que mueren cada dia en las perreras. Ni animales de raza pura son inmunes.
- **Si castro a mi perro, va a dejar de cuidar mi casa.** ¡Falso! El instinto del perro es cuidar donde viva. Siempre y cuando su perro este perfectamente acostumbrado a su casa, no hay razon para que cambie en el comportamiento y deje de cuidar lo que es su casa tambien.
- **Esterilizar y/o castrar modificara la personalidad de mi mascota.** Cualquier pequeno cambia seria positivo. Sin considerar la edad, su mascota permanecera carinosa, cuidadosa y protectora.
